A HUMBLE BEGINNING

Mayers Fine Food was established by Fred Mayer in 1957, working out of a Darling Point flat, initially importing Norwegian jumpers and ski wear.

Heavy import restrictions at the time limited food imports to just Swiss wafers and Danish and Swiss cheeses.

When these import restrictions were lifted, the company was able to increase the range of imported food products, satisfying the growing demand in Australia for European food delicacies and specialty products.

COMPANY FOUNDER FRED MAYER
ON SURF PATROL AT NORTH BONDI, 1952

SYDNEY WAREHOUSE

MELBOURNE WAREHOUSE

TODAY

Mayers Fine Food in conjunction with the Arla Foods joint venture offers the most extensive range of food delicacies and specialty products from all around the world. This includes one of the most comprehensive range of cheeses from Australia, Europe and the UK.

We import over 2000 premium food and beverage products and distribute nationally on a daily basis to supermarkets, wholesalers, hotels, delicatessens, manufacturers, shipping providers and airline caterers. Our product range also includes water and beverages, dry goods, seafood, chocolate and patisserie ingredients, plus much more!

racking system in our
Melbourne warehouse!

COMPANY SNAPSHOT

Today, with the same initiative and passion that has always been at the core of Mayers Fine Food, our aim is to continually supply our customers with the right quality product at the right price and deliver it on time.

Our partnerships with premium International brands ensures we can supply Australian customers with the very best products available from around the world. In turn, our staff work diligently to ensure our global brands are effectively promoted and represented in the Australian market.

If you have any enquires or want to place an order, please contact us via the details below. Our website mayers.com.au also lists our full range of products along with new product information, recipes, upcoming promotions and events.

A SUSTAINABLE FUTURE

SOLAR POWER

Our warehouse has a 99kw Solar system which covers approximately 10% of our annual energy requirement. We are offsetting approximately 100 tonnes of CO2 per year by producing power through solar energy which is green, clean and renewable. We are currently in the process of expanding our solar program to cover 30 to 40% of our power demand.

GREEN REFRIGERATION

Mayers refrigeration system uses carbon dioxide as the primary refrigerant which is highly efficient and a naturally occurring substance that is harmless to the environment. The carbon dioxide system is cooled with two super-efficient micro charged ammonia chillers which ensure optimal operating conditions are maintained all year round.

The defrosting system employs warm glycol as a heating agent which uses heat waste recovered from the refrigeration system. This type of system uses almost no energy and delivers an extremely dry environment inside the cold rooms. This greatly reduces after defrost heat loads, which in turn reduces compressor run time.

The freezer sub floor uses a brand new Australian patent to harvest low-intensity heat recovered from the liquid CO2 used to warm propylene glycol. It is pumped at a

slow speed through a network of specially designed Nylon tubes built into the concrete in the cold rooms' sub floors. This patent is actually a world first as it provides the first sub floor heating system that increases the energy efficiency of the refrigeration plant. By sub cooling the liquid refrigerant, it reduces the cooling systems power consumption.

Our site is regarded as the most advanced refrigeration plant for storage and distribution of food products in the Southern Hemisphere.

HYBRID TECHNOLOGY, THAT'S FUTURE FORWARD

The Mayers sales team drive the Toyota RAV4 Hybrid. It delivers unparalleled low fuel consumption and performance with the ability to travel up to 1145km uninterrupted, without ever needing to be plugged in.

FROM OUR PARTNERS

OUR CLIMATE AMBITION

- Arla is prepared to increase its investment by more than 40% (>AUD 6.5B) to focus on sustainability, digitalization, new production technologies and product development while also increasing its dividend to support its farmers owners on their sustainability journey!
- To grow the business' responsibility to meet the fast changing eating habits among consumers and their increasing demand for sustainably produced dairy products and improve returns to our farmers owners", Arla Foods CEO Peter Tuborgh
- Arla raised its targets to a 63% reduction of greenhouse emissions by 2030 through accelerating conversion to green electricity, fossil-free fleets and making all packaging recyclable and having zero virgin plastics in branded packaging (i.e our Castello & Lurpak) by 2030

Arla supports farmers by:

- Developing models to calculate climate impact at the farm level and offering climate-check services to 10,000 farmer-owners across seven countries.
- Engaging closely with researchers and providing tailored advice to help reduce environmental impact.
- Personalised action plan for the farmer to further climate reductions based on their individual data
- Climate impact
- Biodiversity
- Animal care
- Societal contribution

Our most recent Climate Check data shows that Arla farmers are among the most climate-efficient dairy farmers in the world with 1.15 kg of CO₂e per kilo of milk. According to the UN's Food and Agriculture Organization, the global average is 2.5kg.

HAND CRAFTED IN SMALL BATCHES

Maldon salt is made like no other, there's an art in temperature and timing. A slow warmth uncovering the water's secret, with skilled hands poised over every batch. Traditional methods and time honoured techniques passed down through the centuries make Maldon salt unique.

PROUD TO SUPPORT THE WORLD LAND TRUST

As a business, we take our corporate social responsibility to our customers, partners and our people extremely seriously. For four generations we have consistently created a high quality, artisan product, in an ever-changing world. Each generation has had sustainability in mind, as the business has grown and adapted to ensure we are forging a sustainable future to pass to the next generation.

We pledge to reduce carbon emissions in our core production processes and aim for net-zero emissions by 2050. We are at the start of the journey and already making progress:

Our operations currently achieve zero-waste to landfill status. We are committed to maintaining this and identifying further waste reduction opportunities across all business activities.

Every Maldon Salt box produced supports the World Land Trust and the fantastic work they do to protect threatened habitats and wildlife. Additionally, we are working on reducing the amount of plastic in our tubs.

Our workplace culture fosters employee growth, wellbeing, and inclusivity, ensuring a supportive environment for all team members. We are proud supporters of the hospitality industry and work with partners to support up-and-coming chefs as they begin their cooking careers.

CALLEBAUT®

BELGIUM 1911

CALLEBAUT REMASTERED

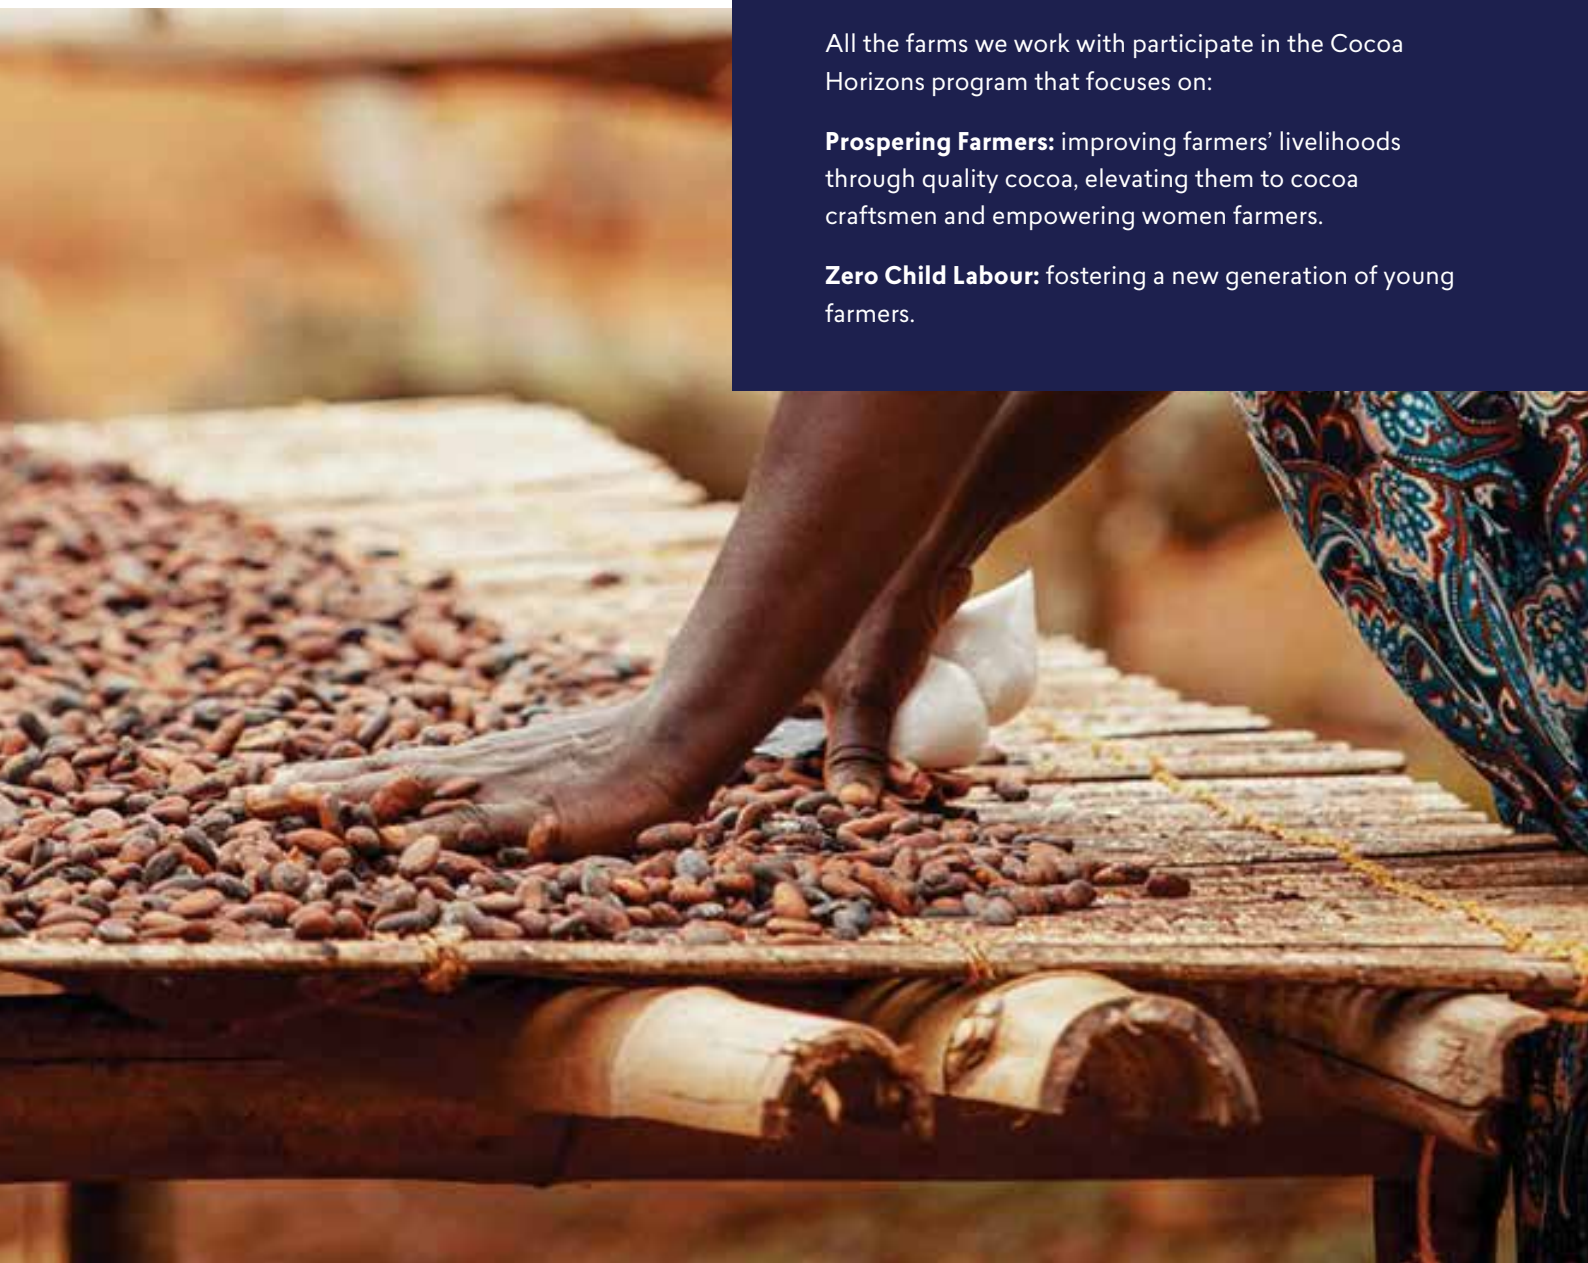

For chefs and artisans, it matters more than ever to know the stories behind the ingredients they work with, their origin, and how they've been grown. All to understand true quality. We share that concern greatly. Since 2012, we have been pioneering in bringing sustainable cocoa farming to a higher level together with Cocoa Horizons. From that moment on, all Finest Belgian Chocolates are made from sustainable cocoa. And today, we take it a giant leap further.

From now on, the cocoa liquors for our 811 and all our Finest Belgian Chocolates are made from traceable cocoa beans. The lots of beans can be traced back to the farming communities in Ghana, Ivory Coast and Ecuador we directly buy from. With this traceability guarantee, we want to be transparent about the communities who grow our beans.

All the farms we work with participate in the Cocoa Horizons program that focuses on:

Prospering Farmers: improving farmers' livelihoods through quality cocoa, elevating them to cocoa craftsmen and empowering women farmers.

Zero Child Labour: fostering a new generation of young farmers.

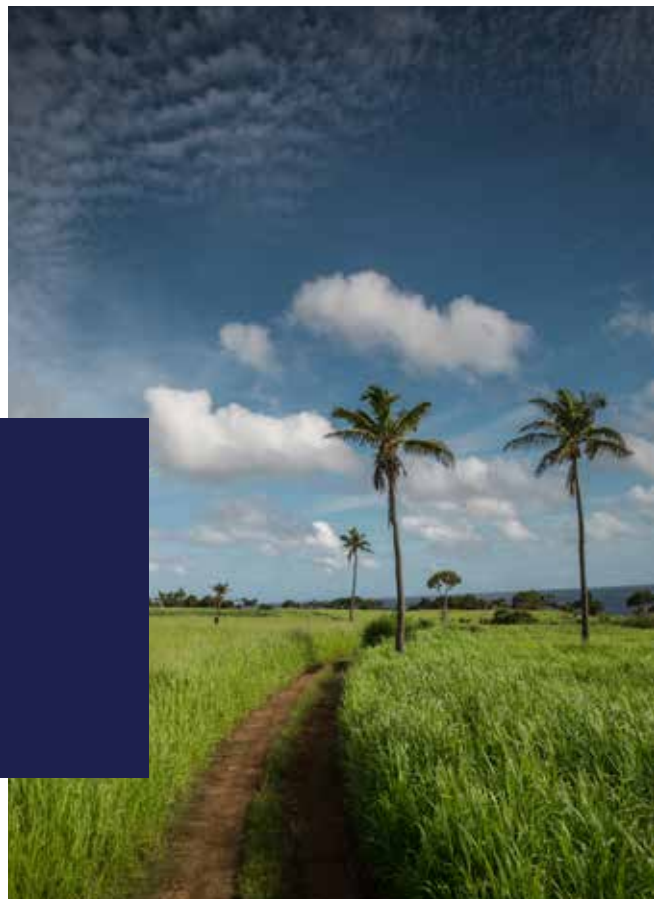

Heilala®

THE GOOD VANILLA

Heilala Vanilla's origins began in 2002 as an aid project founded New Zealander, John Ross, and his family. The Kingdom of Tonga had been ravaged by Cyclone Waka, leaving the Islands and its people shattered in the wake of an exceptionally vicious natural disaster.

Partnering with a local family in the village of Utungake, together they established a small vanilla plantation that grew into Heilala Vanilla.

Grown on rich, Pacific soil and dried under the Polynesian sun, the world's best vanilla is an all-natural product of a perfect climate. With a highly-scientific, unrefined process, and an artisan work culture of the hard-working local farmers and families, Heilala Vanilla is innovating vanilla products and production. Their farmers are dedicated, tending to each plant with in-depth wisdom and expertise.

From its distinctive flavour, its humanitarian mission and fair treatment of farmers, Heilala Vanilla makes people feel as good as the product tastes.

Heilala Vanilla is authentic Bourbon Vanilla. Complex, rich, and bursting with flavour.

MINIMISING THE CLIMATE IMPACT OF OUR DAIRY PRODUCTION.

Greenhouse gases are emitted during food production, including milk and the manufacturing of dairy products. Together with our member dairy farmers, partners, and customers, we are working hard to reduce our greenhouse gas emissions. We aim to produce net climate-neutral dairy by no later than 2050.

The production of dairy products requires energy – we cannot change that. In order to avoid wasting that energy, we are working hard to increase our efficiency, design energy-efficient processes and use residual streams, both in our logistics and in our production processes. We work with our member dairy farmers wherever possible. Approximately 85% of the

electricity purchased by our production locations in the Netherlands is sourced from electricity generated by our member dairy farmers.

CLIMATE-NEUTRAL GROWTH

In order to realise climate-neutral growth, FrieslandCampina is working on several initiatives for an efficient and sustainable production chain. This means sustainable dairy farms, purchasing sustainable (agricultural) basic materials and reduction of the use of energy for the production of dairy products.

Besides, FrieslandCampina encourages member dairy farmers to generate sustainable energy, by means of wind turbines, solar panels or biomass, by issuing green certificates.

PROTECTING THE SOURCE, SAVING RESOURCES

At S.Pellegrino we take tangible steps to preserve the water sources and their natural environment, and we are dedicated to continuously helping to protect and nurture them. Our commitment is to lead the regeneration of the local water cycle to help create a positive water impact where we operate. The quantity of water that the Group has undertaken to regenerate each year (Volumetric Water Benefit) is equivalent to that used in bottling processes.

Our mineral water emerges pure and untouched, and we are committed to bringing it to our consumers protected, always taking into consideration the innovation and sustainability of our packaging.

WE ARE CERTIFIED BY LEADING ORGANISATIONS

Since 2021, the S.Pellegrino site in San Pellegrino Terme (near Bergamo, Italy) has been Alliance for Water Stewardship (AWS) certified.

AWS is the internationally recognized standard for the sustainable management of water as a shared resource. It focuses on maintaining good water quality, ensuring the quantity of water extracted is sustainable, protecting critical areas in the water basin, and improving access to water, sanitation and hygiene.

AWS is a benchmark for continuously improving the way we look after the natural resources that are so precious to us.

REDUCING PACKAGING AND INCREASING RECYCLING

We believe a bottle or can is only waste if you waste the chance to recycle it. That's why all of our packaging is designed to be 100% recyclable*. And since we believe in a system in which nothing is lost and everything is transformed, we are committed to using 50% recycled PET (rPET) by 2025**. What's more, we are continuously working to design lighter packaging and reduce unnecessary elements. This way, we not only consume fewer materials, but also reduce CO2 emissions.

* in countries with recycling systems in place

** wherever local legislation allows

ON OUR WAY TO CARBON NEUTRAL CHOCOLATES

The reality of climate change – deforestation, carbon emissions – is a real threat to the cocoa ecosystem, the lives of farmers and, ultimately, the taste of cacao. The only way to overcome it is to let nature do what it has been doing for millions of years: thrive. A difficult challenge for humanity, which must work to limit its impact in order to allow nature to flourish. By doing so, we will offer the world quality chocolates that will not damage, but will help us maintain a liveable planet for generations to come.

HOW TO BECOME DEFORESTATION FREE AND CARBON NEUTRAL?

Therefore, our objective is to make West-African farmers become the solution by initiating on-farm interventions and optimization programs that sequester carbon in soil and plants while improving the natural development of the taste of the cocoa we love so much:

- Distribution and planting of cocoa and non-cocoa trees to restore farms
- Farmer awareness raising sessions on environmental protection
- GPS farm mapping to ensure cocoa is not being sourced from forest land
- Distribution of cleaner energy cookstoves in farmer homes

forever-chocolate.barry-callebaut.com

SUSTAINABILITY & AUTHENTICITY

Animal welfare and milk from small farmers and cooperatives. Since its inception, Rocinante has been committed to both the welfare of people and animals. Always with the desire to preserve the natural environment from which we come and the nearby value chain.

For this reason, our milk comes from small farmers and cooperatives that have been by our side for more than 15 years.

WITHOUT ADDITIVES

We do not add preservatives, except for the rind to avoid the appearance of mold once the cheese is matured, and we always use the cellar curing method to promote the development of its flavour rich in nuances. Only by preserving naturalness from start to finish can we offer you an authentic cheese of which we are proud.

GREEN ENERGY

Committed to nature and the environment, we take advantage of its resources responsibly and using renewable energy technologies such as solar panels and water purification systems, reducing the impact generated by our activity.

RESPONSIBLY FARMED SEAFOOD

The Group is dependent of the sea and has an eternal perspective for its core business.

As a seafood company, both producing in and harvesting from the sea, it is absolutely imperative for the Group to keep the oceans clean and healthy.

We strive to reduce our environmental footprint, minimise our influence on wild habitats and wild salmon stocks.

In aquaculture, we are developing and testing new technology to improve our existing production methods, reducing emissions from our farms and avoiding accidental release of fish from our cages. We have a very good track record in recent years when it comes to accidental release. Our vision is zero accidental release.

We also work continuously to keep the sea free from plastic. We do this through strict monitoring and control of our own production, recycling the cages from our farms and nets from our trawlers, but also through collecting plastic in the ocean with our trawlers through the “Fishing for Litter” - program.

In our wild catch segment, we have modernised our trawler fleet with the newest and most modern technology available. We conduct all our catches within the strictest rules governing fisheries management, in close cooperation with the authorities and science.

CERTIFICATION

One important tool in the Group’s quality and environmental efforts is certification according to international standards.

Lerøy Seafood Group has been involved in the development of the ASC-standard since 2004. In 2013, Lerøy Seafood Group was the first company worldwide to be certified according to the ASC standard. ASC-certification guarantee that our aquaculture operations are conducted in an environmentally sound and sustainable manner.

THE COMMITMENT OF BACI® PERUGINA®

Baci® Perugina® is committed to treating its employees with respect, to conducting its business sustainably and with care towards chocolate production and to contributing to preserving resources for future generations.

SUSTAINABLE DEVELOPMENT

As part of the Nestlé Group, Baci® Perugina® is dedicated to environmental protection and develops initiatives to reduce the environmental impact of its activities on the territory, with a perspective of Creating Shared Value.

Since 2009, the San Sisto plant has been home to a photovoltaic park, one of the first of its kind in Italy and the world, created as part of the broader "Sole Amico" project, aimed at solar energy production.

Thanks to the installation of solar panels and an energy regeneration system for the production of electricity, steam, hot water, and chilled water for conditioning, it is

possible to self-produce 90% of the electricity needed for the plant.

BETTER QUALITY OF LIFE

Baci® Perugina® adheres to the Nestlé Cocoa Plan, the program that deals with training cocoa farmers, improving their economic and sanitary conditions. We believe that the promotion of gender equality and the construction of schools raises the quality of life of the entire community in the long run.

ATTENTION TO THE ENVIRONMENT

Baci® Perugina® is RA certified – a sustainability program that prevents the improper use of chemicals and uncontrolled deforestation, which present a real threat to the sustainability of cocoa farming. The goal is to create an efficient certification and traceability program for socially and environmentally responsible cocoa production that meets the needs of both producers and markets.

A BETTER COCOA

Baci® Perugina® is RA certified – a sustainability program that prevents the improper use of chemicals and uncontrolled deforestation, which present a real threat to the sustainability of cocoa farming. The goal is to create an efficient certification and traceability program for socially and environmentally responsible cocoa production that meets the needs of both producers and markets.

THE CO2 ZERO SUPPLY CHAIN IS A REALITY

“We announce the extraordinary result of achieving carbon neutrality for all the activities of our group. Whatever the response of science to climate change and its causes will be, our result is still a success because the reduction of greenhouse gas emissions is invoked by all scientists, as the dramatic increase in GHG emissions represents a negative fact for the environment”, explains Roberto Brazzale, president of the Group.

The Brazzale dairy Group is the first one to reach the goal of carbon neutrality and the uniqueness of its model lies in having achieved this neutrality through a production and productivity growth by almost three times. The adoption of innovative practices in climatically favoured regions allows, in fact, to develop innovative production processes that avoid dangerous drifts towards remedies that depress growth.

The “Carbon Neutrality” is the culmination of the twenty-year “green revolution” begun by the Brazzale Group in 2000: a radical innovation in the production processes that led to the creation of Ecosustainable supply chains, which are based on the principle of “doing things where they can succeed best.”

THE GRAN MORAVIA ECO-SUSTAINABLE CHAIN

The supply chain consists of a network of more than 75 farms, directly coordinated by Brazzale technical staff. This network counts more than 80.000 hectares of cultivated lands and almost 17.000 dairy cows: 4.5 hectares of land for each cow. The cattle is selected to obtain the finest proteins and the best milk for cheese production. The large allocation of land allows farmers to feed cows with fodder grown directly on their own ground. The count of nitrate per hectare is several times lower than the limits that EU has set to protect groundwater. The cattle lives in an environment that has the highest standard of ethics and animal welfare.

The natural rainfall of the region allows the farms to not using artificial irrigation causing a great saving in terms of sweet water and fuel, avoiding fodder contamination.

The superior qualities of the supply chain are reflected on the characteristics of the finished product: in the hard cheese Gran Moravia there is no aflatoxin contamination and the “closed cycle” system allows a constant and immediate traceability of each phase. The Italian technical staff constantly advises the optimal choices to select the finest fodder and grants the high quality of the milk.

ROYAL FRIESLANDCAMPINA

Frico is one of the brands of Royal FrieslandCampina. Although a multinational company with many products loved all around the world, Royal FrieslandCampina still remains a cooperative of dairy cow farmers. They are both the owners and supplier of fresh milk, and the beating heart of all our high quality products.

El Esparto Cave Ripened Manchego PDO

Details 2x3kg

SKU 556290

Barcode 9341512000432

El Esparto Cave Ripened Manchego PDO

The distinct sweet milky flavour and delicate herb infused aroma of El Esparto Cave Ripened Manchego is very different to industrial plastic-coated Manchego. Produced in La Mancha from the highest quality ewe's milk. Certified by the Manchego council its rind is coated with natural charcoal before it is ripened in a series of stone lined underground caves. After 6 months of aging the moist ivory-coloured interior has developed a delicious buttery finish with a lingering hint of caramel and almonds.

MAESE MIGUEL

Rocinante has more than half a century of history in cheese-making, located in the largest natural region of Spain and one of the leaders in the production of Manchego Cheese with Designation of Origin. They produce the authentic and unmistakable Manchego Pure Sheep cheese, under the label Maese Miguel.

LURPAK

When it comes to quality butter, nothing beats Lurpak. Combining traditional methods with state-of-the-art technology, the most flavoursome part of the milk – the cream – is delicately 'ripened' before being used for the butter making process. The simplicity of this traditional process makes Lurpak the perfect butter for cooking, baking, spreading and just about anything you want to create in the kitchen.

BACI PERUGINA

Originating in a beautiful love story in Perugia, Italy in 1922, Baci Perugina chocolates embody the affection, indulgence and charm of love. Combining hazelnuts and chocolate to create the ultimate indulgence for chocolate lovers, Baci is popular worldwide. A whole hazelnut submerged in delicious milk chocolate with chopped hazelnuts, coated in velvety smooth dark chocolate delivers a sensational combination of texture and flavour in each bite.

GU

Delicious textures and flavours, all on one spoon, all at once. All served in your very own perfectly portioned glass ramekin. Gü is the best way to upgrade your Friday night. So when work's done, get comfy, press play and Gü.

CALLEBAUT

Using only the finest ingredients, Callebaut® has been crafting its Finest Belgian Chocolate in the heart of Belgium for more than 100 years. Made with dedication passed on from generation to generation, Callebaut® chocolate is relied on every day by chefs and chocolatiers to create great tasting delights.

VAN HOUTEN

The dream began in Amsterdam 1828 when C.J. Van Houten invented the process of manufacturing cocoa. Very soon Van Houten's cocoa and chocolate powders conquered the hearts of thousands of chocolate lovers.

CACAO BARRY

Beginning in 1842, Cacao Barry has sourced its cocoa beans from Africa, refining them to create delicate, delicious cocoa and chocolate products. Continually investing in plantations, communities and factories in South America and Africa has enabled Cacao Barry to innovate, improve and diversify its product range. Cacao Barry now offers chocolate, pure cacao and nut based products with each delivering a sensational taste.

RAVIFRUIT

A wholly natural recipe: without any flavour added, nor colour, nor preservative: 90% of fruit and 10% of sugar or 100% of fruit. A strict selection of fruits and harvest when fruit is fully ripe – the guarantee of a constant quality!

MONA LISA

Mona Lisa brings you a great choice of shapes, textures and colours to easily turn your everyday creations into extraordinary delights. Even the BIG 5 – such as the éclair, brownie, ice cream, moelleux and many more – now become stars in your shop window or on the menu.

LA ROSE NOIRE

In 1991, Gérard Dubois opened the first La Rose Noire Pâtisserie in the most prestigious shopping mall on Hong Kong Island. In over 2 decades, that one simple operation, a 30-seat restaurant and cake shop, has turned into a reputable enterprise. This encouraging achievement is beyond his wildest expectation.

From an initial selection of 28 items, La Rose Noire now has over 500 varieties in its product brochure, fulfilling the needs of all sectors in the market.

ILLY

Illy has been perfecting its unique blend of nine Arabica origins for more than 80 years, to offer the world its greatest coffee.

Still proudly family owned, Illy will be brought to life across Australia its guarantee to deliver everywhere and on every occasion the same unmistakable flavour, to offer the world the best coffee and, in the words of Ernesto Illy, "a smile on the lips of those who drink it."

BEAUFOR

For over a century, Beaufor has perpetuated Champagne region's long tradition of producing quality vinegar and mustard... A unique expertise that remains ever-present at some of the best restaurants in France and around the world. Because their flavours are subtle and refined, the vinegars as well as the mustards are the tasty allies of demanding chefs and fine gourmets.

MALDON SALT

Accept no substitute for Maldon Sea Salt, because nothing else is quite the same. Maldon Sea Salt Flakes are loved by chefs and shoppers the world over. It's the soft flaky texture of the sea salt crystals and the cleanness of the salt flavour they deliver that makes the difference.

FRESH FODDER

Fresh Fodder's range of dips offer fresh and easy options to create appetising platters for grazing, tasty canapés for entertaining or adding to your favourite recipes to create delicious and easy meals in no time.

MAPLE JOE

A symbol of Canadian culture, Maple Joe Maple Syrup is not only a real treat that blends warmth and pleasure, it is also a natural and balanced alternative when you need to sweeten up your table on a daily basis. Maple syrup is 100% pure and natural. It contains no artificial colouring, flavouring or preservatives. Maple Joe Maple Syrup has already won over thousands of pancake lovers and brunch aficionados with its deliciously caramelised taste.

RECIPES

PORCINI MUSHROOM & TRUFFLE MEZZELUNE WITH ROCKET & PECORINO

An incredible pasta dish on the table in mere minutes featuring Bertagni Porcini Mushroom & Truffle Mezzelune - the oldest filled pasta producers in Italy!

SERVES 2

PREP TIME
10mins

COOK TIME
6mins

INGREDIENTS

1 packet Bertagni Porcini Mushroom and Truffle Mezzelune

120g guanciale, dice into small pieces

50g butter, salted

80g baby rocket leaves, washed and dried

50g pecorino cheese, grated

Maldon Sea Salt and pepper to taste

Extra virgin olive oil, drizzle to serve

Recipe by Amanda Cordony

METHOD

STEP 1: In a medium saucepan with salted boiling water add the Porcini Mushrooms and Truffle Mezzeluna. Cook as per packet instructions.

STEP 2: In a large fry pan on medium to high heat add guanciale. Cook until crispy. Approximately 2-3 minutes. Take off the heat until pasta is cooked.

STEP 3: Drain pasta and add to the pan with the crispy guanciale. Add butter and on a low heat gently stir through to combine.

STEP 4: Add the rocket and gently combine. Serve with pecorino, a drizzle of extra virgin olive oil, sea salt and cracked pepper

CHICKEN YIOUVETSI

GREEK CHICKEN & RISONI

This Chicken Yiouvetsi (Greek Chicken and Risoni) is the perfect winter warmer. Featuring Maldon Salt, it will fill your kitchen with aromas of tomato, cinnamon and sweet paprika.

SERVES 4

PREP TIME
10mins

COOK TIME
1hr + 15mins

INGREDIENTS

2 tablespoons extra virgin olive oil
6 chicken thighs, skin on and bone in
1 brown onion, finely chopped
2 garlic cloves, sliced
½ teaspoon each of ground cinnamon & sweet paprika
Maldon Sea Salt to season
1 tablespoon Lurpak butter
2 tablespoons tomato paste
1 cup (250ml) chicken stock
750ml passata
2 fresh bay leaves
250g cherry tomatoes on the vine
400g dried risoni (orzo)
Chopped parsley & grated kefalotyri cheese to serve

METHOD

STEP 1: Heat oil in a large cast iron pot over medium heat, cook chicken thighs skin side down for 5 minutes on each side or until golden brown and crispy. Remove from the pan and set aside.

STEP 2: To the pan add the onion, garlic, spices and season with Maldon Sea Salt flakes, cook for 6-8 minutes or until onion has softened. Add the butter and tomato paste to the pan and cook for a further 2 minutes.

STEP 3: Add the chicken stock, passata and bay leaves. Return the chicken to the pan along with the cherry tomatoes. Bring to a simmer and reduce heat to low, cook covered for 45 minutes or until the chicken is tender.

STEP 4: Remove the lid and evenly scatter the risoni around the chicken and pour ½ cup (125ml) water into the pot. Return to the stove and cook for a further 10-15 minutes, stirring every 5 minutes or until risoni is cooked.

STEP 5: To serve, scatter with parsley and grated kefalotyri cheese.

LEMON AND DILL YOGHURT FLATBREADS

These tasty lemon and dill yoghurt flatbreads are topped with Castello® Creamy Havarti cheese, fermented chilli and Maldon Salt. Perfect for weekend entertaining.

SERVES 4

PREP TIME
10mins

COOK TIME
18mins

INGREDIENTS

500g self-raising flour, sifted
1 tablespoon baking powder
2 tablespoons dill, finely chopped
Zest of 1 lemon
1 teaspoon Maldon Sea Salt flakes
500g Greek yoghurt
120g Castello Havarti cheese, thinly sliced
1/2 bunch cavolo nero, leaves torn
1 tablespoon fermented chilli

CONFIT GARLIC

200ml olive oil
20 garlic cloves, peeled

Recipe by Helena Moursellas

METHOD

STEP 1: Heat a wood oven to 400°C or if using an oven preheat oven to 250°C.

STEP 2: For the confit garlic, place ingredients into a saucepan over high heat and cook until 60°C on a kitchen thermometer. Reduce heat to low and cook gently for 20 minutes or until garlic is softened.

STEP 3: Place the flour, baking powder, dill, lemon zest and Maldon Sea Salt flakes in a large bowl and mix to combine. Make a well in the centre and add the yoghurt and mix to combine until a dough forms.

STEP 4: Transfer the dough to a clean work surface and dust with a little extra flour. Knead the dough for 3–5 minutes, then divide into 4 equal pieces and roll out to ½ cm thick.

Working with one flatbread at a time, drizzle with confit garlic oil and carefully place into the pizza oven for 2 minutes or until crispy and puffed. If using the oven, place the flatbread onto a baking dish or pizza stone and drizzle with confit garlic oil and cook for 8–10 minutes or until crispy and puffed.

STEP 5: Remove flatbread from the oven and scatter with a quarter of the Havarti, cavolo nero, fermented chilli and confit garlic oil and cook for a further 2–3 minutes or until the cheese is melted and bubbly. Season with Maldon Sea Salt and serve.

SPINACH & RICOTTA GRANDI TONDI WITH PISTACHIO PESTO

Our Bertagni Spinach and Ricotta Grandi Tondi with pistachio pesto is packed with flavours of summer and will be on the table in under 15 minutes. Give UberEats the night off.

SERVES 2

PREP TIME
10mins

COOK TIME
4mins

INGREDIENTS

1 packet Bertagni Spinach and Ricotta Grandi Tondi
1/2 cup hulled, raw unsalted pistachios, extra to garnish
50g pecorino cheese, extra to serve
1 cup (20g) loosely packed fresh basil leaves, extra to garnish
1 small lemon, juiced (20ml)
1 teaspoon of Maldon Sea Salt
½ teaspoon cracked pepper
100ml light extra virgin olive oil

Recipe by Amanda Cordony

METHOD

STEP 1: In a food processor add pistachios, pecorino cheese, basil leaves, lemon juice, sea salt and cracked pepper.

STEP 2: Blitz on high for 30 seconds. Scrape down the sides and while the food processor is on medium speed, drizzle extra virgin olive oil as a constant stream. Cover and set aside. Can make up to two days in advance.

STEP 3: In a medium saucepan with salted boiling water add the Spinach and Ricotta Grandi Tondi. Cook as per packet instructions.

STEP 4: Drain Tondi and reserve ½ cup of pasta water. Put the pasta back in the pot and add a generous amount of pesto and reserved pasta water. Gently stir through and serve with extra pistachios, basil leaves and grated pecorino.

Bertagni's Ricotta & Spinach Grandi Toni on page 59

SMOKED SALMON & TOMATO KEFTEDES (GREEK FRITTERS)

These Smoked Salmon and Tomato Kefteades (Greek fritters) are perfect for weekend brunch or serve them as canapes at your next soir  e. Featuring Ocean King Smoked Salmon.

SERVES 4

PREP TIME
15mins

COOK TIME
35mins

INGREDIENTS

250g cherry tomatoes, roughly chopped

1 small red onion, finely chopped

200g Ocean King smoked salmon, cut into small pieces

Small handful dill and mint, finely chopped plus extra to serve

Pinch of ground cumin

   cup plain flour, sifted

   teaspoon baking powder

Vegetable oil for frying

Lemon wedge to serve

Recipe by Helena Moursellas

METHOD

STEP 1: Place tomato in a fine sieve set over a mixing bowl, with 1 teaspoon salt flakes and set aside for 30 minutes (salt will help tomatoes release their liquid). Discard liquid. Combine tomato in a bowl with onion, smoked salmon, herbs, cumin, flour and baking powder.

STEP 2: Heat 1cm oil in a large non-stick frypan over medium-low heat. In batches, add heaped tablespoons of salmon kefteades mixture and cook, turning halfway, for 4-6 minutes until golden.

STEP 3: Remove with a slotted spoon and drain on a paper towel. Repeat with remaining mixture.

STEP 4: Scatter Smoked Salmon Kefteades with extra herbs and serve alongside lemon wedges.

Ocean King Smoked Salmon on page 118

HERBY HOT SMOKED SALMON CROQUETTES WITH LEMON & DILL MAYO

These herby hot smoked salmon croquettes with lemon and dill mayo are incredibly moreish, your guests will be begging for the recipe. Featuring Ocean King Hot Smoked Salmon.

MAKES 18

PREP TIME
15mins

COOK TIME
35mins

INGREDIENTS

400g sebago potatoes, peeled and roughly chopped
2 tablespoons Lurpak unsalted butter
350g Ocean King Hot Smoked Salmon, roughly chopped
Small handful each of parsley and chives, finely chopped
1 teaspoon each fennel seeds and cumin seeds, toasted, crushed
Zest of 1 small lemon plus extra to serve
¼ cup plain flour
2 eggs, lightly beaten
2 cups panko breadcrumbs
Vegetable oil for frying

METHOD

STEP 1: For the lemon and dill mayo, combine all ingredients in a bowl and season with Maldon Sea Salt flakes. Chill until required.

STEP 2: Place potato in a large saucepan of salted water, bring to the boil and cook for 15-20 minutes or until potato is tender. Drain and roughly mash, then add butter, smoked salmon, herbs, spices, zest and juice and mix to combine. Season with Maldon Sea Salt flakes and cracked pepper.

STEP 3: Place flour, egg and panko breadcrumbs in separate shallow

bowls. Roll heaped tablespoons of potato mixture into 6cm logs. Coat in flour, then egg, then breadcrumbs and place on a plate. Chill for 15 minutes.

STEP 4: Half-fill a saucepan with vegetable oil and heat to 180°C (a cube of bread will turn golden in 30 seconds). Deep-fry croquettes, in batches, for 3-4 minutes until golden. Drain on paper towel.

STEP 5: Serve croquettes with preserved lemon and dill mayo and lemon wedges.

LEMON & DILL MAYO

200g whole egg mayonnaise
1 garlic clove, crushed
¼ wedge preserved lemon, finely chopped
Small handful dill leaves, finely chopped

FISH GYROS WITH A GREEK-STYLE SALSA VERDE

Entertaining is all wrapped up with these flavour-packed Fish Gyros. Featuring a Greek-style salsa verde and generous pinch of Maldon Salt, you can place everything down the centre of the table.

SERVES 4

PREP TIME
10mins

COOK TIME
10mins

INGREDIENTS

¼ cup (60ml) Extra Virgin Olive Oil

¼ cup plain flour

1 teaspoon Maldon Sea Salt flakes

600g flathead, skin off

4 pita bread

1/2 cup (140g) Greek yoghurt

Fried potatoes

1/2 iceberg lettuce, thinly shredded

1 red onion, sliced

GREEK-STYLE SALSA VERDE

1 garlic clove, crushed

2 teaspoons capers, drained, finely chopped

Small handful parsley leaves and oregano leaves

1 teaspoon Beaufort red wine vinegar

Zest of 1 lemon

¼ cup (60ml) olive oil

1 banana pepper, stem and seeds removed, finely chopped

1 teaspoon Maldon Sea Salt flakes

METHOD

STEP 1: For the Greek salsa verde, place all ingredients into a bowl and season with 1 teaspoon of Maldon Sea Salt flakes. Set aside until needed.

STEP 2: Heat oil in a large non-stick fry pan over medium low heat. Place the flour and Maldon Sea Salt flakes onto a plate and mix to combine. Carefully dust the fish in the flour mixture. Fry fish in batches for 2-3 minutes on each side until golden brown. Wipe out the pan and drizzle with a little olive oil and cook the pita for 1-2 minutes on each side until golden.

STEP 3: To serve the fish gyros, spread pita bread with yoghurt, top with fish, fried potatoes, lettuces, red onion and a good drizzle of Greek salsa verde.

FETA & OLIVE STUFFED ZUCCHINI FLOWERS

These feta and olive stuffed zucchini flowers are the ultimate crowd-pleaser, with a perfectly crisp batter featuring S.Pellegrino Sparkling Natural Mineral Water.

MAKES 24

PREP TIME
15mins

COOK TIME
15mins

INGREDIENTS

24 zucchini flowers
150g Castello feta, crumbled
1/3 cup mixed olives, pitted, roughly chopped
Small handful basil leaves, finely chopped
1 lemon, cut into wedges
Vegetable oil for frying

S.PELLEGRINO BATTER

100g plain flour, sifted
50g cornflour, sifted
1 tablespoon baking powder
½ teaspoon smoked paprika
1 cup (250ml) S.Pellegrino Sparkling Natural Mineral Water

METHOD

STEP 1: Gently remove and discard stamens from zucchini flowers. In a small bowl combine feta, olives and basil. Using a small spoon carefully stuff zucchini flowers with about 1 teaspoon of mixture, twist the top of each flower to seal. Continue with remaining flowers and mixture.

STEP 2: For the batter, combine flour, corn flour, baking powder, smoked paprika in a bowl with 1 teaspoon salt flakes. Slowly add the San Pellegrino sparkling natural mineral water and whisk until there are no lumps and a smooth batter forms. It should be the consistency of a thick pancake batter.

STEP 3: Fill a large saucepan or deep fryer with vegetable oil. Place over medium heat and bring to 180°C on a deep-frying thermometer. In batches, dip each zucchini flower into the batter, then carefully lower into the oil. Fry for 4-5 minutes, turning halfway, or until golden and crisp.

STEP 4: Carefully remove zucchini flowers from the oil using a slotted spoon and drain on paper towel. Season with salt flakes and serve with lemon wedges.
